

# BE BOLD

BoldLeaders helps build strong platforms capable of addressing ongoing challenges in a creative and responsive manner.

## MINDING THE GAP OF COMPLEXITY

Dealing with complexity is THE challenge facing the workplace today. The BoldLeaders platform creates environments that are permanently adaptive and responsive to complex challenges and simultaneously shift organizations out of toxic work environments.

**74%** of companies surveyed report low employee engagement—citing feeling undervalued, lack of recognition, no sense of ownership, and poor communication as the main causes. **U.S. companies lose \$11 billion per year due to employee turnover.**

**94%** of senior decision makers agree successful complexity management is essential to business success, and **can lead to 3–5% upturn in profits.**

## PLATFORM OUTCOMES

The BoldLeaders platform uses innovative frameworks to increase employee engagement that results in:

- Increased job satisfaction
- Increased communication and collaboration
- Increased innovation
- Increased productivity and bottom-line performance
- Increased service quality and customer care
- Increased sense of ownership
- Increased ability to identify inefficiencies
- Reduced turnover
- Reduced absenteeism
- Reduced disputes and conflict
- Reduced communication system breakdowns
- Reduced costs related to hiring and retention
